TOWN WARRANT

The State of New Hampshire

The Polls Will Be Open From 11:00AM to 7:00PM

To the inhabitants of the Town of Westmoreland in the county of Cheshire in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Westmoreland on Tuesday, the Tenth day of March, 2009 at 11 of the clock in the forenoon, to act upon the following subject:

Article 1: To choose all necessary Town Officers for the ensuing year.

Following the counting of the ballots, the meeting will recess until 7:00PM March 11, 2009 at the Westmoreland School gymnasium.\.

Article 2: To hear the reports of Agents and take any action relative thereto.

Article 3: To see if the Town will vote to raise and appropriate the sum of \$140,000 for the purpose of buying a new tanker. The sum of \$25,000 will come from the Fire Truck Capital Reserve, \$25,000 from the Fire Fighter Association, and to authorize the issuance of not more than \$90,000 of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA 33) and to authorize the municipal officers to issue and negotiate such bonds or notes and to determine the rate of interest thereon. 2/3 Ballot Vote required. (The Selectmen and the Budget Committee do not recommend this Article.)

Article 4: To see if the Town will vote to raise and appropriate the sum of \$135,000 for the purpose of buying a highway truck with plows. The sum of \$60,000 will come from the Highway Equipment Capital Reserve Fund, and to authorize the issuance of not more than \$50,000 of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA 33) and to authorize the municipal officers to issue and negotiate such bonds or notes and to determine the rate of interest thereon, and \$25,000 to be raised by taxes. 2/3 Ballot Vote required. (The Selectmen and the Budget Committee recommend this Article.)

Article 5: To see if the town will vote to raise and appropriate the sum of \$50,000 to replace the tank on tanker 2. \$25,000 will come from the Fire Truck Capital Reserve Fund, and to authorize the issuance of not more than \$25,000 of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA 33) and to authorize the municipal officers to issue and negotiate such bonds or notes and to determine the rate of interest thereon. 2/3 Ballot Vote required. (The Selectmen and the Budget Committee recommend this Article.)

Article 6: To see if the town will vote to raise and appropriate the sum of ten thousand dollars (\$10,000) to be placed in the existing Highway Equipment Capital Reserve Fund. (The Selectmen and the Budget Committee recommend this Article.)

Article 7: To see if the town will vote to raise and appropriate the sum of ten thousand dollars (\$10,000) to be placed in the existing Re-evaluation Capital Reserve Fund. (The Selectmen and the Budget Committee recommend this Article.)

Article 8: To see if the town will vote to raise and appropriate the sum of five thousand dollars (\$5,000) to be placed in the existing Bridge Reconstruction Capital Reserve Fund. (The Selectmen and the Budget Committee recommend this Article.)

Article 9: To see if the town will vote to raise and appropriate the sum of five thousand dollars (\$5,000) to be placed in the existing Fire Equipment Capital Reserve Fund. (The Selectmen and the Budget Committee recommend this Article.)

Article 10: To see if the municipality will vote to establish a Capitol Reserve Fund under the provisions of RSA 35:1 for the purpose of Town Hall Clock Repair and to raise and appropriate the sum of one thousand dollars (\$1000) to be placed in this fund. (Majority vote required.) (The Selectmen and the Budget Committee recommend this Article.)

Article 11: To see what disposition the town will vote to make of the Jotham Lord Fund. The funds are included in the proposed operating budget.

Article 12: Shall the town vote to adopt the provisions of RSA 36-A:4-a 1(b) to authorize the conservation commission to expend funds for contributions to 'qualified organizations' for the purchase of property interests, or facilitating transactions related thereto, where the property interest is to be held by the qualified organization and the town will retain no interest in the property?

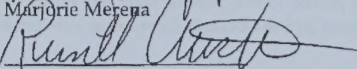

Article 13: To see if the Town will vote to raise and appropriate the sum of One million, twenty five thousand, five hundred sixty six dollars (\$1,025,566) as recommended by the Budget Committee, which represents the operating budget. Said sum does not include Special or individual articles.

Article 14: To transact any other business that may legally come before this meeting.

Selectmen of Westmoreland

David Putnam, Chairman

Marjorie Merena

Russell Austin

TOWN MEETING

TOWN OF WESTMORELAND, NEW HAMPSHIRE

MARCH 11 & MARCH 12, 2008

The Annual Town Meeting (Elections) was called to order by Donald Hall, Moderator, Pro-tem on Tuesday, March 11, 2008 at 11:00 am with the readings of Article One of the Town Warrant and declaring the polls open. The remaining Articles are to be considered on Wednesday, March 12, 2008 at 7:00 pm at the Westmoreland School during the Annual Town Meeting after a recess. Polls were declared closed at 7:00 pm on Tuesday, March 11, 2008 by Thomas Warner, Moderator, Pro-tem.

Moderator Peter Heed called the Westmoreland Annual Town Meeting to order at 7:01 pm at the Westmoreland School on Wednesday, March 12, 2008, with the Pledge of Allegiance and the singing of our National Anthem, reading through the entire warrant aloud and then with the reading of the results of Articles One as follows:

ARTICLE 1: To choose all necessary Town Officers for the ensuing year.

The results of balloting were as follows: Total ballots cast were 305 of the registered 1231 voters = 25%. "The following are the winners and I so declare it," stated Moderator Peter Heed with the reading of the results. These are noted with an * after the number of votes received.

ARTICLE 2: To hear the reports of Agents and take any action relative thereto.

Article moved by David Putnam and seconded by Wesley Staples. Cindi Adler spoke to the Article as Town Clerk. She stated she had been in contact with the Municipal Agent's Office since the beginning of the year and had expressed the Townspeople requests, patience and need for the Westmoreland Town Clerk to become a Municipal Agent for motor vehicle registrations. The Town Clerk explained that the Town did not have the funds this year to invest in this program. The Municipal Agent's office stated that they would offer their system – the "MAAP Browser System" to the Town of Westmoreland at a very minimal charge (\$25 for the Municipal Agent stamp and \$50 for a toggle switch for the computer. This amount could come out of the Town Clerk's supplies budget.) The State would provide the computer, monitor, printer and the "MAAP " program for free (with the understanding that that is all that is this computer system is to be used for), along with their free Help-Line which is available to your Town Clerks whenever Town Clerks around the state have hours. They would come to the Town Clerk's office and set everything up. Your Town Clerk would attend 6 days of classes in Concord, and the system should be up and running by the beginning of July, 2008. The Municipal Agent's office would also provide the Town with a registrant reminder letter, if we wish (this would take the place of the copies of the new pre-printed registrations I now mail each month) for .052 cents per letter, which the Town Clerk would mail out with any additional information needed (dog license reminders, etc.). There would be a \$2.50 Town Clerk fee added to the State fee if one wishes to receive their state stickers and/or plates at the Town Clerk's office. Of course, this is the option of the registrant – one may still go to Keene for their stickers, or mail to Concord if one wishes. To complete both transactions at the Town Clerk's office, one will still need to make 2 checks out – one for the Town, and one for the State, just as we do now. This on-line system will not make it possible for your Town to register boats and off-road vehicles yet. Eventually it will make it possible for one to go onto the "Compass" system which will allow you to do everything from the comfort of your home computer. The Municipal Agent's office is waiting for a copy of the Minutes of the Town's governing body (and what better meeting of the Town's governing body than the Annual Town Meeting), appointing me as Municipal Agent for the Town of Westmoreland. When they receive the minutes, they can set up the training classes so we can get started.

R. Marshall Patmos made motion to amend Article 2 to appoint Cindi Adler as Municipal Agent for the Town of Westmoreland. The amendment was seconded by Jack Zeller.

Nancy Shonbeck questioned where the \$75 was to come from and the Town Clerk stated it would come out of the Town Clerk supplies budget.

THE AMENDMENT TO ARTICLE 2 WAS VOTED UNANIMOUSLY IN THE AFFIRMATIVE BY VOICE VOTE.

ARTICLE 2, AS AMENDED WAS VOTED UNANIMOUSLY IN THE AFFIRMATIVE BY VOICE VOTE.

ARTICLE 3: To see if the Town will vote to raise and appropriate the sum of \$200,000 for the purpose of buying the Matyas property, R7, Lot 52 which is adjacent to the Highway garage. The sum of \$50,000 to be taken from Municipal Land Purchase Capital Reserve, the balance, \$150,000, to be raised by the issuance of bonds or note in accordance with the provision of new budget act (RSA 33) and to authorize such bonds or note and to determine the rate of interest there on. 2/3 Ballot Vote required. (The Selectmen and Budget Committee Recommend this Article)

Motion moved by David Putnam and Seconded by Wesley Staples. David Putnam spoke to the Article stating that they will use the money from the Trust Fund we started for the Town to buy property from the Transfer Station money last year and then raise by taxes to buy this property. It is a Pro-active move to buy this property for future growth of the Town and its offices. It is the land that is adjacent to the Town Garage property. When asked the appraised value by the town, David stated that the Town has it appraised as a building lot appraised at \$113,000. It is listed as 19 acres, but the surveyor stated it is 27 acres. He stated that the price was higher than the appraised value but it is of great value to the Town to purchase it for the future. It is worth it to us to pay his asking price as the Town Garage abuts the property. Nancy Zeller asked if it is true that the land value was lowered to \$113,000 because of the location to the saw mill and garage frontage. Scott Talbot asked what the road frontage to this land is. David stated 500 feet of road frontage. Tim Thompson asked it's use. David stated it is field and it is across from the snowmobile bridge. Nancy Zeller asked what percentage of this land is wetland. Wesley stated it was very minimal. James Blake from the Conservation Committee stated that it is NOT minimal. There is a considerable amount of wetlands. If you look at the Southwest Regional Map, there is significant wetlands. There is a pond, a stream, hydrate soils and a 75' wide boundary. 25% Town and state wetlands and it DIVIDES the property. David stated we would be using the back of the lot. It was recommended that the land NOT be purchased until the owner determines its size and how much is wetlands. The Selectmen must take physical and legal restraints. George Duke stated that the rear of the land is a PSNH easement. How much acreage does that included? David stated that it is across the back and 40' wide piece that we probably wouldn't use anyway. There is a field in the back grown to scrub brush and small pine. Jack Zeller questioned the raising of \$20,000 to buy this it is only appraised at \$113,000. Madeline Ulrich asked the Budget Committee do we want to buy this land if there a bridge or road that needs repair? David stated that if this Article is defeated, we may not have another opportunity to purchase a piece of land this size. When asked what effect this will have

on our property taxes, David Putnam stated that if everything passes tonight, it will raise the Town portion of Property Taxes by 33% or 6 cents per \$1000 assessment. Peter Heed asked JoAnn LaBarre if this was correct. She asked David Putnam if he said 6 cents – twice – to clarify and he said yes. Marjorie Merena stated that she figured her tax increase last night and if everything passes, her taxes will only go up \$19.00. JoAnn LaBarre stated that this was incorrect – if all passes tonight, taxes for the Town portion would raise around 56 cents per \$1000 assessed. She went on to say that the land purchase would not effect the taxes THIS year, the costs to the Town wouldn't effect the taxes until 2009. Jeannie Sy stated that paying \$200,000 for a piece of land that is assessed at \$113,000 that has had no land use study done, and according to the overlay map, is not clear as to what we are buying here, before we buy it we need to know that we are going to do with it? We need to know what we need land for first, before we just buy. Owning land is great, but not in this economy right now. Ken Thompson who used to own the piece of land in question stated that there is a lot of ledge on this piece of property and it is deep. He stated he thought about 25% of it is useable. He suggested not paying top dollar. It's been on the market before and it is not moving. Wendy Putnam stated that anyone that is going to buy land, first needs to have the financing in a row. She went on to say that it is central to Town, the Fire Department is overcrowded. The town is growing and eventually you're going to need to put your Police and Fire Department somewhere. We need to approve this Article. Jim Myers stated that if the Transfer Station is put over here, how is it going to charge residents? David stated that he will not pursue this right now, but at some point the Town is going to take over the Transfer Station. The Town is not renewing its contract with Waste Management. Yes, this land may be used for a new transfer station. The Post Office is outgrowing its space in the Town Hall basement and will need a new place. There is potential usage for the Fire Department and Police Department to be moved there as well. Jim Myers stated that to think the Selectmen would locate all your things on one street is mind-boggling! In the flood just a couple of years ago, that road was one that was completely washed out!! How would you have gotten to it or from it---and if EVERYTHING was on that road---then what? Mike Henchey asked if they had even contacted the Matyas'. They don't seem to care if they sell this property or not. What is the impact on them if we don't purchase. David Putnam stated he didn't know. Mike Henchey asked Why don't you know? Lori Ingram asked what are the costs for a study. Do we purchase and then do a study? David Putnam stated he didn't know. Lori asked Why did they not know? Tina Fletcher asked if the \$200,000 is for the purchase of this property. She objects to put money aside for THIS property. David Leinster stated that there seems to be a conflict between the Conservation Committee and the Selectmen/Budget Committee on this. Were the Selectmen informed there are wetland issues? David said no. Wesley stated that many years ago it was a back field and we got sand out of it, the only wetlands was a brook that cut it in two on the back part of front loam of 1-2' gravel. There is a gravel bank built on a lot of it. Jim Blake questioned the Selectmen on their statement of not being informed, as Marshall Patmos had sent them a letter with the Conservation Committee's concerns. Marshall Patmos confirmed he had sent them a letter and that all they needed to do was take a look at the Maps in the Town Hall that had been purchased just a few years ago to see what the concerns are. A study should have been done first. Dawn Lincoln asked why the assessed value is so off the price. Marjorie stated that the Town had a survey

done. The property was assessed at 19 acres by our Assessor. Our Attorney had the survey and there is actually 27 acres to this property. It is close to Town. It would end the problem we have with accessibility to our Town Barn. The question of accessibility to the Town Barn started when the Selectmen were served papers with the Right of Way issue. They turned down that offer to sell ¼ acre to the Town. The Selectmen offered them \$51,000. Marjorie stated they are appalled at the amount we are paying for this lawsuit. The Matyas property could be the new home for the Transfer Station. The Transfer Station can be a clean-run station and if it centrally located, it would be better. We are making money off the Transfer Station. William Campbell asked if the property is in current use and who would have to pay the Land Use Change Tax. David stated that the Town would abate it. Jack Zeller made motion to move questions. Nancy Ranson seconded the motion. Ballot vote set up at 7:55 pm. At 8:55 pm, the ballots were counted and the results read.

YES - 16 Votes

NO - 154 Votes --- ARTICLE 3 IS DEFEATED.

ARTICLE 4: To see if the town will vote to raise and appropriate the sum of \$80,000 to repair the River Road North bridge Number 107/163. \$16,000 to be taken from the Bridge Capital Reserve fund and the balance, \$64,000, to come from State Bridge Aid.

(The Selectmen and Budget Committee Recommend this Article)

Motion to move by David Putnam and Seconded by Marjorie Merena. David spoke to the Article stating that again, this is the bridge on River Road North and it is a Red-listed Bridge. We have 4 more on this list to be done. The abutments seem to be in good shape, but the support structure needs work. We have a design approved by the State which is an erector set type design, like the one we just did on Partridge Brook Road. We will take \$16,000 from the Capital Reserve Fund and \$64,000 out of Surplus and the put the \$64,000 back into Surplus when we get it back from the State. It was stated that the Bessie Pierce Bridge we did last year gets very little traffic, but this bridge gets heavy truck traffic. David stated that the rating on the bridge now is 6 ton, should be able to handle more in a couple of years. When asked where this bridge is in Town, Gary Hudson stated that it is a short bridge with a 24' span down behind the old Major Leonard Keep.

ARTICLE 4 VOTED IN THE AFFIRMATIVE BY VOICE VOTE.

ARTICLE 5: To see if the Town will vote to raise and appropriate the sum of \$35,000 to renovate the Town Hall selectmen's office, kitchen, and bathroom and to create storage space in the basement.

(The Selectmen and Budget Committee Recommend this Article)

Motion to move by David Putnam and Seconded by Wesley Staples. David stated this was a small amount for all the Selectmen want. The Selectmen need more space and a place for their meetings, so they will expand their space to include the Men's Bathroom, by opening and widening the existing door between that will give them that

space. This room will be the Selectmen's Secretary's office. They will put a cement box room down in the basement that will be climate controlled for the archival papers that are now being stored in cabinets. This will be fire safe and will have an outside exit for removing material should the building catch fire. The bathroom will now be a uni-sex bathroom where the women's bathroom is now with handicap accessibility and two stalls. Also the Selectmen had an Energy Audit done by Dick Schmidt which has resulted in having a set back thermometer installed, and there is more to do on that list. The kitchen will have a new floor. The kitchen island will accommodate the Hobart SR24H, high temperature sanitizing dish washer and have drawers built in for flatware and dish towel and a new side by side refrigerator. Nancy Ranson asked if there is any asbestos in the floor and how it will be replaced. Marjorie stated that they will fill in the cracks and just cover it. Pat Bentrup asked if the Town Clerk/Tax Collector's office which is very crowded would get any benefit from this project. Marjorie stated that the Selectmen had not asked the Town Clerk if she needed anything, but they would certainly consider it if they have any leftover money. Mike Henchey asked why we need a dishwasher because as he understands it the well runs dry every year. Marjorie stated the dishwasher uses less water than the way dishes are done now and since we have been renting it out for public use, like receptions and banquets, dishes need to be sanitized, etc. David stated that the pressure switch just sticks, the Town Hall doesn't run out of water. Jan Carpenter questioned the storage in the basement for the archival papers. She is on the Historical Society and this is an issue as basements are notorious for being damp. There are guidelines that must be followed for archival preservation and wants to be sure the Selectmen have taken this into consideration. David Putnam then stated that the Selectmen aren't talking about archival papers. Bonnie Royea stated that David Putnam had just stated that it would be for archival papers, so what archival papers are the Selectmen talking about? David stated that the Selectmen have old records that are upstairs in boxes and filling their cabinets that are too important to throw away, but they have no room for. Bonnie then asked, "And just WHAT are you covering the kitchen floor with?" Marjorie stated that Monadnock Flooring looked at it and that the Selectmen don't know what flooring it would be, but it could be done. Mike Henchey stated that the Constable wants and assistant, and said he will have an office in the Town Hall in his Annual Report, where are those provisions for his office? David stated that there aren't any at this time.

ARTICLE 5 VOTED IN THE AFFIRMATIVE BY VOICE VOTE.

ARTICLE 6: To see if the town will vote to raise and appropriate the sum of \$10,000 to have the town books audited.
(The Selectmen and Budget Committee Recommend this Article)

Motion moved by David Putnam and Seconded by Marjorie Merena. Marjorie stated that in the past year we have had a lot of things that the government had to reimburse the Town for, such as the Bessie Pierce Bridge and the Great Meadow Ferry Road disaster. When the government reimburses us so much (we had a lot of work done), we are required by law to have an outside audit done, so I felt we needed to have an outside audit done of all Town records so we are "fair and square" with the State. Richard

Schmidt asked when the last one was done and asked who they would be having audit. The Town Clerk read from the 2005 Annual Report when the last one was done. Marjorie stated that she had gotten an estimate from someone in Concord they were going to have do it, but she doesn't know their name.

ARTICLE 6 VOTED IN THE AFFIRMATIVE BY VOICE VOTE.

ARTICLE 7: To see if the town will vote to raise and appropriate the sum of \$5000 to purchase Transfer Station equipment.

Motion moved by David Putnam and Seconded by Marjorie Merena. David stated they eluded to this question with the land article. We wish to make this as efficient as possible. We belong to the Recycling Association of New Hampshire, and get their free advice. Rick Cooper is reviewing. We did not own the Compactor. If we could purchase a compactor unit for the price, we can continue to run the Transfer Station by ourselves as we are not renewing Waste Management's contract. We will look into purchasing the one that is already there from Waste. Jim Blake questioned as to who would maintain the compactor. David Putnam stated that the Town will have to maintain it and do maintenance on it. All we will have to pay for it the Tipping Fee and the Trucking Fees. We were paying Waste to run the Transfer Station. They paid Earl Kathan and we paid David Poklemba or whoever we had working for us. Last summer we had no one to run it with Earl so Waste Management said we were in default of our contract with them. We hired 5 people – 1 lasted 1 day, 1 lasted a week, 1 didn't show up at all and 1 had heart problems. Stuart West asked if it is closed, what are the advantages and reduce it over all eventually. David gave the tonnages and we use 48%. There is no money to be MADE in recycling, there is however money to be REDUCED. Every time we push that button on the compactor, we pay. Gwen Frost asked since the compactor is so very worn, is it worth its cost? David stated that this is a 2 year compactor. Langdon is holding their 3 yard compactor for us after this decision. Rick said it was reasonably good for its age. We have talked to Earl and he said he would work for the Town. George Duke stated that Earl said the Selectmen had not even approached him to work for them. He also asked who is going to be certified to run the Transfer Station. David stated David Poklemba will be going for his certification. George stated that he was under the impression that we owned the Compactor. David stated we have the records stating what we do and do not own and stated the Town does not own the compactor. George asked why are we paying for a transfer station when we can just as easily go to Keene. David stated that he is working from the town's position, he has spoken to Keene. Mike Reed stated that if you take your trash to Keene, you pay—they weigh and you can only pay by check. Ted Ferguson asked what happens if Earl gets sick again and how long does it take to get certified. David said he does not know how long it takes to get someone certified but stated that Earl told him the Town can run the Transfer Station for a while without a certified person.

ARTICLE 7 VOTED IN THE AFFIRMATIVE BY VOICE VOTE.

ARTICLE 8: To see if the town will vote to raise and appropriate the sum of Ten

Thousand Dollars(\$10,000) to be placed in the existing Highway Equipment Capital Reserve Fund.
(The Selectmen and Budget Committee Recommend this Article)

Motion moved by Wesley Staples and Seconded by David Putnam. David stated that this is an annual thing we do—put money aside for the future purchases. The oldest truck we have now is a 2001. We're banking this for a rainy day. Jim Starkey asked the amount in this Capital Reserve Fund. Dawn Lincoln stated \$52,000.

ARTICLE 8 VOTED IN THE AFFIRMATIVE BY VOICE VOTE.

ARTICLE 9: To see if the town will vote to raise and appropriate the sum of Ten Thousand Dollars (\$10,000) to be placed in the existing Bridge Reconstruction Capital Reserve Fund. (The Selectmen and Budget Committee Recommend this Article)

Motion moved by David Putnam and Seconded by Wesley Staples. David spoke to the article stating that we still have 4 other bridges to fix and this is just putting some money aside so we can pick them off, and to be able to take advantage of the State Bridge Aid. Nancy Shonbeck stated that we are taking out \$16,000 for the River Road North bridge, how much does this leave us with. JoAnn LaBarre stated that there is \$25,000 in it now so it leaves us with \$9,000. Marius Hauri asked what the expiration is on the State Bridge Funding. David Putnam stated he didn't know.

ARTICLE 9 VOTED IN THE AFFIRMATIVE BY VOICE VOTE.

ARTICLE 10: To see if the town will vote to raise and appropriate the sum of Five Thousand Dollars (\$5,000) to be placed in the existing Fire Equipment Capital Reserve Fund. (The Selectmen and Budget Committee Recommend this Article)

Motion moved by David Putnam and seconded by Marjorie Merena. David spoke to the article stating there is \$20,000 in there now. The Selectmen did not put *anything* in last year as there was a Warrant Article to refurbish one of the trucks last year. We have a 1979 Tanker that will probably need replacing next. Harry Nelson confirmed that either the 1979 Tanker or the 1954 Brush truck will need to be replaced next.

ARTICLE 10 VOTED IN THE AFFIRMATIVE BY VOICE VOTE.

ARTICLE 11: To see if the town will vote to raise and appropriate the sum of Fifteen Thousand Dollars (\$15,000) to be placed in the existing Municipal Land Purchase Capital Reserve Fund. (The Selectmen and Budget Committee Recommend this Article)

Motion moved by David Putnam and seconded by Marjorie Merena. JoAnn LaBarre stated there is \$56,000 in this fund now. John Lukin made motion to amend to increase

this amount to \$50,000 – increase by \$35,000. He stated he was behind Article 3, but the Selectmen need to do their homework! George Duke seconded the motion. Tim Thompson asked if the money in this fund can be used to do a study. David Putnam stated that the funds are to purchase land only – cannot be used for a study. Jeannie Sy asked if the money is in there, can the Selectmen purchase land without a Town Meeting. David Putnam stated that the Selectmen have the authority to purchase land if they find it and the money is in this fund, without the Town's approval, but we feel we should have the public's input, but yes, they do have the authority if something comes up and they feel it is good. Jeannie Sy stated that this amendment would give the Selectmen \$106,000 to purchase land without the Town's say-so. David Putnam stated yes, it is contingent on how much is approved, but yes, the amount they can spend is increasing, and they can spend it. He went on to say that based on what has happened here tonight, the door has been opened, the Selectmen know what the people feel. There are fewer and fewer chunks of land available, so the Selectmen would have to act if something came up. But based on what the Town has stated tonight, the Board would certainly have public hearings before they spend that amount of money. Ted Ferguson asked if it is public knowledge that those having the ROW to the Town Garage had put an offer out to have the Town purchase that land. David Putnam stated that yes, the Selectmen did make an offer, but the party declined. Ted asked if the Selectmen would offer to buy the party out for the ROW. David Putnam stated that the Town would have to pay \$64,000 for ¼ acre of land, and that just didn't make sense. He stated that the Selectmen have a sense of direction from the Town now on what the people want. The Town just turned down paying \$200,000 for 27 acres, why pay \$64,000 for ¼ acre? Nancy Ranson asked, when the Town put the Town Barn at that location, did the Town have the ROW? David Putnam stated that the Selectmen thought they did, but it is now in dispute. Bob Moore asked how much this would increase out taxes (the \$35,000 increase). JoAnn stated that it amounts to just under 5 cents per \$10,000 we increase the budget, so just under 18 cents per \$1,000 assessed. Gwen Frost questioned if John Lukin wanted to raise the amount to \$50,000 and give the authority to the Selectmen to spend it. Yes was the reply.

AMENDMENT TO ARTICLE 11 DEFEATED BY VOICE VOTE.

ARTICLE 11, AS WRITTEN, VOTED IN THE AFFIRMATIVE BY VOICE VOTE.

ARTICLE 12: To see if the municipality will vote to create an expendable trust fund under the provisions of RSA 31:19-a, to be known as the Cemetery Maintenance Fund, for the purpose of receiving monies from the sale of cemetery lots to repair and maintain town cemeteries and to further appoint the Cemetery Trustees to serve as agents of the Fund to expend any funds in the trust for the purpose of the trust.

(The Selectmen and Budget Committee Recommend this Article)

Motion moved by David Putnam and seconded by Wesley Staples. David Putnam referred this Article to JoAnn LaBarre for explanation. JoAnn spoke to the Article stating that 12 years ago the Town voted to have Cemetery Trustees. The Trustees set up

their own savings accounts and took care of their own income and expenses. The Trustees now want to have this fund set up and use this capability to put the accounts back into the Town's hands, so the Trustees of Trust Funds will have the instruction. By law when one purchases a lot, ½ goes to the Town, and ½ goes to the Perpetual Care Fund for mowing, etc. If approved, this money would be taken from the savings account and put into this fund. Peter Heed asked how much money per year this would involve, and JoAnn stated between \$1500 - \$2000. They would still pay bills for mowing, etc. Dawn Lincoln stated that the budget for Cemetery Trust Funds shows \$20,000. Bob Moore stated that that is the Annual Operating Budget for the year, including this fund.

ARTICLE 12 VOTED UNANIMOUSLY IN THE AFFIRMATIVE.

ARTICLE 13: To see if the municipality will vote to create an expendable trust fund under the provisions of RSA 31:19-a, to be known as the Burial Support Fund, for the purpose of burials for town-assisted persons and to further appoint the Cemetery Trustees to serve as agents of the Fund to expend any funds in the trust for the purpose of the trust. (The Selectmen and Budget Committee Recommend this Article)

Motion moved by David Putnam and seconded by Wesley Staples. JoAnn LaBarre spoke to the article stating that different from the fund for repairs and maintenance, this would be set up for people that cannot afford to be buried. This would be set up with funds from the savings account now. William Campbell asked how it will get funds in the future. JoAnn stated that if the funds are used, the Trustees can put in for additional funds at the next annual meeting to replenish it. She stated that in the 12 years she has been here, the Town has only been asked once for funds. The Town would be responsible for the base fee for cremation and the Funeral Director would pick up the rest of the tab.

ARTICLE 13 VOTED IN THE AFFIRMATIVE BY VOICE VOTE.

ARTICLE 14: To see what disposition the town will vote to make of the Jotham Lord Fund. The funds are included in the proposed operating budget.

Motion moved by David Putnam and seconded by Marjorie Merena. David Putnam spoke to the article stating that basically, this is interest off a Fund that was left to the Town. This year the amount is \$113.77, which is up from last year's \$72.00. Sandra Blake stated that she is a volunteer at the Westmoreland Public Library and would like to amend the article for the funds to go the Town Library for the Children's Library Fund. Bonnie Royea stated that she feels that this always goes to the Library and she went on to say that Lord Cemetery is in disrepair. There are limbs and trees down and the Cemetery Committee funds always seem to go to the cemeteries that people go by all the time and not to the ones that people don't see as often, so she would like the funds to go to fix up the Lord Cemetery. JoAnn LaBarre stated that Bonnie should speak with the Cemetery Trustees to work with them on Lord Cemetery and that perhaps there could be a work bee

set up for that cemetery. The amendment is to give the funds to the Children's Library Fund at the Town Library.

AMENDMENT TO ARTICLE 14 VOTED IN THE AFFIRMATIVE BY VOICE VOTE.

AMENDED ARTICLE 14 VOTED IN THE AFFIRMATIVE BY VOICE VOTE.

ARTICLE 15: To see if the Town will vote to raise and appropriate the sum of \$1,005,095 which represents the operating budget. Said sum does not include Special or individual articles. (The Selectmen and Budget Committee Recommend this Article)

Motion moved by David Putnam and seconded by Wesley Staples. David Putnam stated that as earlier discusses, the Transfer Operating Budget has been increased to show Earl Kathan's pay now. Also there is an increase of \$1200 for the Constable for a 2nd part time police office that the Selectmen have put in the budget. He went on to say that the Highway Department Overtime pay is almost down to nothing, due to the near record winter we just had. I would suggest we should add 40 hours of overtime to this. In November it started that we couldn't get much more salt and then sand became a challenge to get a little later. They have been doing a real good job for us, and this past year was a near record winter where the storms seem to hit every weekend. Peter Heed stated that we can't amend a budget to add 40 overtime hours, it would have to have a dollar amount. David then stated he'd like to amend the budget by \$3,000 to cover 3 men for 40 hours of overtime. Wesley Staples seconded the motion. George Duke stated that he though Earl Kathan was paid by Waste Management, why is that line in, David Putnam responded that we are hiring him as a Town employee now. And secondly, George Duke went on to question as to why we are hiring a second part time police officer when the Town can't even get the present constable to ever show up in town. David Putnam responded stating that Jim Cemorelis, the Constable, came to the Selectmen with two different proposals, involving adding two new part time police officers to cover the town with 24/7 service, and a cruiser and a place to have an office. We thought we could compromise a little. Jim isn't able to come to all of the calls, so if we have another part timer to com when he cannot, it would help the town. Peter Heed stated that first we need to tend to the amendment to the article for the Highway Department increase of \$3,000. for overtime. Ina Dewey asked that we ask Gary if that is enough. Gary stated that it is hard to say. Scott Talbot asked what the amount he felt they would need and JoAnn LaBarre stated that for the 3 men to get 40 hours of overtime, with payroll taxes and all, it should be more like \$5,000. Moderator Peter Heed asked to close questions and vote on the amendment.

AMENDMENT TO ARTICLE 15 TO INCREASE THE HIGHWAY DEPARTMENT BUDGET BY \$3,000 WAS INCONCLUSIVE BY VOICE VOTE.

HAND COUNT TO AMEND THE ARTICLE PASSES BY HAND VOTE COUNT
YES - 59 NO - 56

Bill Chase then made motion to add another \$2,000 to the Highway Department Budget to cover the remaining overtime costs for the 40 hours per man. Barbara Chase seconded the motion.

AMENDMENT TO ARTICLE 15 TO INCREASE THE HIGHWAY DEPARTMENT BUDGET BY ANOTHER \$2,000 VOTED IN THE AFFIRMATIVE BY VOICE VOTE.

Jim Starkey asked if there are any Surplus Funds to cover this overage if this should occur. David Putnam stated that basically, we cannot go over budget, and no, we cannot take Surplus money to cover should there be a budget overage. Jim Starkey asked what the Surplus was for then. David Putnam stated the Surplus Funds are to reduce taxes. When Jim asked if that is all they could be used for, David replied, "Yes."

William Campbell asked why the Emergency Management budget is increased so much. Mike Reed stated that the State requires the Town to have an Emergency Plan. This was put in the budget last year, but the State did not come through with their money. The plan we have is very old, we're hoping this money will come back to us this year if we reapply to the state. If we have no plan, we will lose any chance of receiving FEMA money. Harry Nelson, Barbara Chase and Mike Reed have received \$5,000 combined for the time they have put into this. If this budget is approved, the three can get started on updating and reapplying for a new plan to better guard us in the event of a disaster.

Mike Reed then asked if under the Welfare line in the budget if \$5,000 was enough. This surely will not cover much emergency fuel oil assistance. Last week when he checked, it was up to \$3.47/gallon. The Town cannot deny anyone who qualifies for this assistance, so he amended the article to add \$5,000 more to Welfare. The motion was seconded by Jim Blake. Bob Moore stated that Elaine, his wife, and the Overseer of Public Welfare last year stated that no one had asked for fuel oil assistance, just help to pay rent.

AMENDMENT TO ARTICLE 15 TO ADD \$5,000 TO WELFARE WAS DEFEATED BY VOICE VOTE.

April Ferguson then spoke stating she doesn't mean any disrespect to anyone, but the Town is not getting proper coverage from the constable we have now. If we perhaps had a constable that lives in Town, we would be more likely to get a response as he would have our town at heart. She has had two incidents, herself where she got absolutely no response from our constable, one involving a stolen cell phone, which the State Police helped her to handle. I have heard a lot of complaints of how he doesn't respond to any calls. If we had someone that lived in Town, and I have heard there are a couple that do that would be willing to take the job, perhaps the people in town would feel they are being taken care of...right now, they don't feel this way. April received a round of applause. Ted Ferguson then made a motion to cut the Constable's budget by \$2,000 and get rid of the part-time policeman and the Constable and get someone in town that will do the job. Nobody ever sees this constable and nobody ever gets a response from him. I

would like to recommend to the Selectmen that if he isn't doing his job, he should be fired and get someone who will. In any other job, if you don't do your job, you don't get paid -- you get fired. He has been to no accidents and I haven't heard of anyone he has responded to. We should hire Jack Zeller back. David Putnam stated that when Jack Zeller was constable, we had the same complaints of him not showing up to accidents by the Fire Department. Zane White stated that he was told that the Selectmen had gone to the City of Keene to purchase a Ford Explorer the City was getting rid of for a cruiser for the constable. David stated that it had been told him that they would give us the Explorer but then they needed to still get \$6,000 out of it so we decided to wait. George Duke stated that it is his understanding that a Town under population of 3000 doesn't actually need to have a Constable or Police. If that is so, and no one shows when we call anyway, why do we have one? Jack Zeller stated first, he hasn't applied for this job. He was our Town Constable for 5 years in the past. Jim Cemorelis actually works for Jack in Keene full time. He didn't know the Town had even asked about the Ford Explorer, but the one they are talking about is the one his Supervisor drives and he wouldn't give 5 cents for it. The City drives these vehicles until they will not run anymore. As far as needing a Constable, he is not in favor of increasing the size of our Police department, but does feel the need for the Town to have a constable or police officer. When he was constable, about 90% of the calls were animal related, which we shouldn't expect the State Police to be tending to. If there is a major issue, the State Police should be taking care of those. We do need a constable, one to handle the local issues like the neighbor's dog is messing on your property, a snake in your house, etc., one wouldn't expect a State Trooper to be called on that. April Ferguson asked if she can just call Jack if she needs help then. David Leinster asked who is accountable for this Constable and what reprimand is given. David Putnam stated that The Selectmen are accountable for the Constable and he reports to them. The Selectmen tell him what to do -- handle local complaints, make usual rounds. The State Police handle the major issues and he handles the local complaints. We did have the State Police sit on two of the Town roads to handle complaints of speeding etc for a couple of days. The people the State Troopers did not get people that did not live in town from those two settings.

Carrie Staples asked if ANYONE had received a response from this Constable that had called him. NOT ONE had received a response from this Constable.

AMENDMENT TO REDUCED THE POLICE BUDGET BY \$2,000 VOTED IN THE AFFIRMATIVE BY VOICE VOTE.

ARTICLE 15 NOW AMENDED TO THE SUM OF \$1,008,095. THE AMENDED ARTICLE VOTED IN THE AFFIRMATIVE BY VOICE VOTE.

WHAT WOULD BE ARTICLE 16, IF THE SELECTMEN HAD ADDED IT IS:

ARTICLE 16: To transact any other business that may legally come before the Town.

David Putnam wished to thank Wesley Staples for his service on the Board of Selectmen. He had stepped in when Junior Starkey passed away. He stated it had been

an honor to work with him and that he had done a good job. Wesley received a Town round of applause.

April Ferguson wanted to thank the Road Crew for the fantastic job they have done.

Motion by Jim Starkey to adjourn at 10:25 pm. Seconded by Jim Blake.

ADJOURNMENT VOTED IN THE AFFIRMATIVE BY VOICE VOTE..

**BUDGET OF THE TOWN
WITH A MUNICIPAL BUDGET COMMITTEE**

OF: _____ Westmoreland _____

BUDGET FORM FOR TOWNS WHICH HAVE ADOPTED
THE PROVISIONS OF RSA 32:14 THROUGH 32:24

Appropriations and Estimates of Revenue for the Ensuing Year January 1, 09 to December 31, 09
or Fiscal Year From _____ to _____

IMPORTANT:

Please read RSA 32:5 applicable to all municipalities.

1. Use this form to list the operating budget and all special and individual warrant articles in the appropriate recommended and not recommended area. All proposed appropriations must be on this form.

2. Hold at least one public hearing on this budget.

3. When completed, a copy of the budget must be posted with the warrant. Another copy must be placed on file with the town clerk, and a copy sent to the Department of Revenue Administration at the address below within 20 days after the meeting.

This form was posted with the warrant on (Date): _____

BUDGET COMMITTEE

Please sign in ink.

Kelly Goodrich
Gary Dermott
Michael Acerno
David Putnam
William Campbell

THIS BUDGET SHALL BE POSTED WITH THE TOWN WARRANT

FOR DRA USE ONLY

Selectmen's Report — 2008

The year brought improvements to the Town Hall, changes on the Common, and great attention paid to the economy and keeping our budget in tact.

The Town Hall kitchen received a facelift. Cupboards, drawers, and a commercial dish machine were built in to the island and the old flooring was replaced. We thank the Lions and Ladies Aid for their contributions to the cost of the dish machine. Contracted improvements to the Select Board's office will continue into this year.

Ted Ferguson placed the pipe in the ground on the Common as the permanent place for our holiday tree. A 20' Spruce was donated by Hans Dennie which Ted and crew set up. The Town purchased new lights and would like to note that these commercial grade LED lights are brilliant, unbreakable, cool to the touch, durable up to 200,000 hours, and save up to 98% energy consumption compared to incandescent equivalents. The Lions contributed to this purchase.

We will have power supplied to the Common this year — the tree lights were not on consistently as the power cord had to be taken up every time the plows went through South Village Common. The availability of power on the Common will be useful for other events as well.

We commend the good work of our Highway Department — Gary, Dave, and Ed — on the construction of the new River Road North Bridge as well as the work done last year on the Bessie Pierce Bridge.

Thank you Dottie Thompson and Barb Messer for serving as Supervisors of the Checklist; Walt Derjue for service on the Conservation Commission; Laurie Burt, Secretary to the Planning Board; Elaine Moore, Secretary to the Planning Board; and Bob Moore for helping in the Town Office during the maternity absence of Tina Cutter. Thanks also to Jim Merritt for his fine work on the Town Hall kitchen. Your service to the Town is truly appreciated.

Respectfully submitted.

The Board of Selectmen:

David R. Putnam, Chair
Marjorie Merena
G. Russell Austin

TOWN OF WESTMORELAND

Trustees of Trust Funds

Thomas S. Bates
11 Old Moore Road
Westmoreland, NH 03467
(603) 399-7124

Trustees:

Patrick N. Baker
Russell Kotfila
Thomas S. Bates

ANNUAL REPORT

2008

The trustees met four times during the year to administer affairs of the trusts. Town trust funds are invested in CD's which are held in an account with Edward Jones Company. Return in 2008 on trust funds held at Edward Jones was 4.71%, compared to 5.03% in 2007. The CD's are ladderred in maturity to offer some protection against fluctuating interest rates. Capital reserve funds continue to be invested in short-term bonds with the New Hampshire Public Deposit Pool. Return on capital reserve funds was 2.28% in 2008, compared to 5.16% in 2007.

Respectfully submitted,

Patrick N. Baker
Russell Kotfila
Thomas S. Bates

WESTMORELAND PUBLIC LIBRARY ANNUAL REPORT 2008

For the eighth year the library has enjoyed the benefits of our children's room.

Programs, Gifts and Grants: Our Newsletter, made possible by an unrestricted gift, has promoted several programs this year. In July, 70 persons attended a program sponsored by the Vermont Institute of Natural Science and funded by gifts. Other programs stretching our walls included a dramatization of Abraham and Mary Todd Lincoln, portrayed by Steve and Sharon Wood, through a grant from the New Hampshire Humanities Council. Leigh Marthe of Westmoreland, read from her new publication in October. In November, Duncan McDougall, Director of the Children's Literacy Foundation, introduced all Westmoreland School students to the new collection of literature our library received as a result of a grant award valued at over \$2000. These programs were complemented by our ongoing Children's Story Hour, coordinated by Carol Browning Lent in the spring and summer, and by Gina Gitchell this fall. The adult book group met regularly, led by Julie King. Memorial donations were designated for Large Print and other types of materials. Our summer program, "G'Day for Reading," brought Australian customs, animals, and geography closer to our children, who enjoyed reading series fiction and the incentives sponsored by Twinkle Town, iParty and the New Hampshire State Library. The annual Wise Mine tour led many prospectors to search for its renowned fluorite. There were 50 programs in which a total of 366 Adults and 414 Children participated. **Circulation & Patrons:** The library was open a total of 152 days and 12 additional Wednesdays for Story Hour. 26 new patrons registered. There were 2959 visits from patrons who borrowed 3298 items from our library, and 332 on interlibrary loan. Our library loaned 231 items to other libraries, totaling 3861 items in circulation. Of the items borrowed from our library, 57% were fiction; 29% non-fiction; 5% magazines; 7% video; 2% audio-books. **Reference:** 30 questions were researched. **Acquisitions:** We added 477 books to our collection, 291 were donated, including 115 books from CLiF. 28 videos and 22 audio books were added. **Discarded:** 304 books and 10 videos were withdrawn. **Overdues:** Notices were mailed for 106 overdue books. **In-Library Use:** 231 patrons used our reading room and copier; 82 patrons used our computer. **Collection Management:** The children's room has specific areas dedicated to new junior books and videos. Our Large Print section has increased through donations from NHSL. We have a new collection of Granite State Graziers Reference books. **Volunteers:** 263.5 hours were logged in by volunteers who helped in the processing of new books, magazines, and audio-visual materials, discarding procedures, circulation, and in all aspects of managing the book sales which brought in a total of \$597.10. **Ongoing discussions:** We are looking for more information about a web-based program to inform the public of our collection availability. We seek to acquire works from new authors, as well as an author's latest work, and review our collection with space requirements in mind. Our bathroom facilities need attention, and we are researching alternatives to the present system. We need a new floor furnace. **Summary:** This year we have utilized our grant awards to offer engaging programs to the community. The challenge is to keep young readers active in the life of our library.

Respectfully submitted, Maisie Crowther, Librarian

Westmoreland Fire/Rescue Department

772 Route 63
Westmoreland, NH 03467
Phone (603) 399-9993
wvfd@cheshire.net

The department responded to a total of 140 fire and rescue calls in 2008. These calls consumed over 601 man hours. The department welcomed four new members this year. A Forest Fire Wardens dinner was hosted by the department in May. In July the skies opened up during serving time at our annual Chicken Barbecue, but was still well attended and enjoyed by all eating inside or taking their dinners to go. Unfortunately the Westmoreland Town band was unable to play due to the weather.

After trying last year and not being awarded, again this year we applied for a grant through the US Smokeless Tobacco Company for a Polaris Ranger 6 X 6 Utility vehicle. This vehicle would aid our department and bordering towns with any off road emergencies. Thank you to Dick Schmidt for all his efforts with the application process.

With the generous donations the department has been able to upgrade our defibrillator, air packs and purchase radios for new members.

Visitors are always welcome to stop by the Fire Station to tour and view our equipment. the Fire Department has smoke detectors for anyone that may need one for their Westmoreland home. Any Westmoreland resident interested in becoming a member of the department may join us the third Tuesday of each month at 8:00 pm at the Fire Station.

The members of the Westmoreland Fire/Rescue Department would like to thank the citizens for their outstanding support again this past year.

Respectfully Submitted

Harry Nelson, Chief

CEMETERY TRUSTEE REPORT

There were five cemetery lots sold in 2008. Lots are available for sale in the East and South Village cemeteries. The North & Gline cemeteries have a limited number of lots left. The Cemetery Trustees must be notified of all burials, including cremations, in a town cemetery. This is important so that the burial is done according to regulations and becomes a permanent record of the town. For the mutual protection, respect and benefit of all lot owners, there are restrictions on decorations, enclosures, plants and shrubbery. By-Laws are available from the Cemetery Trustees.

The increasing popularity of green burials has been discussed and added to the By-Laws - those interested in learning more can contact the Trustees.

On behalf of the entire Town, the Cemetery Trustees would like to commend Alex Remy for the work that he did at the South Village Cemetery for his Eagle Scout Project. Alex did major repairs to the utility shed, including a new roof and a fresh layer of paint. Two benches were set for visitors to rest on and many trees were cleared along the borders that have opened up more land that can be used as lots for our townspeople. Cemeteries are a very important part of a town and Alex can be very proud of the part he played in helping to preserve a part of our history.

Cemetery Trustees

2008 REPORT OF THE WESTMORELAND CONSERVATION COMMISSION

NH RSA 36-A, provides a Conservation Commission with the basic purpose to identify, protect and conserve the land and water resources of their community. Also charged by RSA 483-A, the Commission reviews wetland applications for local review in conjunction with the NH Wetlands Bureau. A wetlands application (forms available in the town office) is necessary for any activity that involves projects to excavate, remove, dredge, fill or construct a structure in any surface waters or wetlands of the state.

In addition to reviewing and responding to wetland applications and general wetland issues, concerns and inquiries, the Commission completed and presented for use a zoning administrator/building inspector wetlands checklist, submitted a steep slope/driveway ordinance for planning board consideration and initiated an energy committee as part of a multi-town effort.

In furthering the expressed resident interest of “protecting those lands and special places that are the rural character of Westmoreland”, we are participating in the Community Conservation Partnership (CCP) with the Monadnock Conservancy, Antioch New England Institute, the Southwest Region Planning Commission, UNH Cooperative Extension and 5 other towns in the area. Two town forums were held in 2008 with more than 125 residents providing input for prioritizing conservation needs. Subcommittees have refined the data. For 2009, a conservation plan will be prepared and presented for town approval and inclusion in the Town Master Plan

Preparation of an updated Water Resource/Property line map from Southwest Regional Planning Commission is also in the works for 2009.

Pursuing a conservation easement in the proposed jail wetland mitigation with County officials on the County farm property in Westmoreland never came to fruition but still remains a high priority.

In April, the Commission spearheaded a third very successful roadside clean-up project with support from the Westmoreland Lions Club with dozens of volunteers participating. Another clean up project is planned for April 18, 2009.

We welcomed new members Gina Gitchell, Ken Wright and alternate Paula Page, to the Commission.. Gina and Ken are filling positions left vacant by the untimely passing of Jim Blake and the resignation of Walt Derjue

As usual, members are active in a number of committees and groups in town and the region and have attended a variety of natural resource training and seminars throughout the year. We also have representation on the town water protection program committee coordinated by the Granite State Rural Water Association, representation on the Connecticut Joint Rivers Commission and the Monadnock Conservancy.

The Commission meets the first Thursday of the month at the Town Hall. Feel free to contact any of the members about our work or with questions or concerns with environmental or conservation issues. Also check the town website for more information on the Conservation Commission.

Respectively submitted, 1/29/09

Health Officer Report 2008

Lloyd Draper, Health Officer

2008 has been mildly tranquil. The major items were

- ❖ Deputy Health Officer Barbara Chase and Michael Reed, Emergency Response Officer have worked in conjunction with the state and county agencies to design a plan to be utilized in case of epidemic, bio-chemical attack, and other contingencies. It is well done, and both deserve compliments by the community.
- ❖ There has been a rise in the number of people seeking foster care licenses to care for children. The town does the health reports for the social services agencies involved.
- ❖ There has been concern over the dilapidated condition of some homes and the possibility of illegal junk yards.

Westmoreland Highway Department

Continuous snow from January to March, heavy rains from June to September, and one of the worst ice storms in many years, kept the Department busy clearing and fixing roads. We were, however, along with routine maintenance able to resurface 6 miles of road in town, do some roadside tree and brush trimming, replace the River Road North Bridge Superstructure, and pour a new concrete footing under the north abutment. This should remove the bridge from the NHDOT's "red list", but we had no word of this at the end of the year.

On the last day of November this year, after an ice storm, the newest truck in our fleet caught fire. We were able to get it out of the garage and save the building, but the truck sustained heavy damage to the hydraulic and electrical system. At the end of the year, it was still in the repair shop.

We would like to take this opportunity to thank the residents of Westmoreland for their understanding in this trying time, and for their support of the Highway Department.

Respectfully Submitted
Gary Hudson, Road Agent

Planning Board Report 2008

Westmoreland Planning Board members are appointed by the Selectmen. The board holds regular meetings at the Town Hall on the second Tuesday of each month at 7:30 PM. These meetings are open to the public. If anyone has business to bring before the board, they should contact the board's secretary to be put on the agenda. Anything requiring a vote must be officially noticed which means that the secretary must receive the information 21 days prior to the meeting.

The past year has seen some changes in the board. We would like to thank Walter Derjue for his years of service as board alternate and Elaine Moore for her work as board secretary. The Selectmen are currently considering nominations for filling the alternate position. We welcomed Lori Ann Ingram as our new board secretary this fall.

In 2008 there were: one voluntary merger, three site plans approved and one withdrawn, and three subdivisions approved. There were three informational meetings with people who wanted to know about processes for use of their land and one site visit. There were three items that were referred to the Selectmen for review and addressing. We also reviewed and made suggestions to the road standards that were drafted by the Road Agent.

In addition, we are in the process of reviewing the town zoning ordinances. We have reviewed over half and have marked ones that we will revisit and make possible adjustments to. We hope to have this project finished with revised ordinances ready for voting upon at the 2010 town meeting.

The purpose of the planning board is to guide the development of the town. This is carried out through use of the Master Plan and the Zoning Ordinances and processes such as subdivision and site plan review. We would like to remind residents that the Zoning Ordinances and booklets listing the necessary steps and applicable ordinances for subdivision or site plan review as well as our board procedures are available in the Selectmen's office and are on the town's website www.westmorelandtown.com. If a resident is planning any changes or construction on any land in town, a call to the Zoning Administrator or Building Inspector is the first place to start. This is the best way to find out if any necessary permits or processes are needed. If residents have suggestions for changes for the Zoning Ordinances we encourage you to submit them to the board for consideration.

Transfer Station Annual report — 2008

Transfer Station Staff:

Earl Kathan, Dave Poklemba, Earl McClening

All are certified for the positions they hold.

This year the Westmoreland Transfer Station Staff became employees of the town. All equipment and containers at the transfer station are the property of the Town — nothing is rented. Triple-T has proved a wise choice for hauling and the station is clean, orderly, and running smoothly. Improvements to the “put-n-take” shed are forthcoming.

Although the return on recyclable goods fluctuated during the year, the act of recycling eliminated tipping fees (compactor tipping fee is \$100 per ton), equipment rental, and hauling previously contracted to Waste Management. Revenue from recycled goods and fees for the disposal of whiteware and construction debris came to \$6650.

The Highway Department took over the far side of the recycling shed for sand/salt storage and to put the loader/backhoe under cover. The availability of salt and sand at that end of town makes caring for our roads, as well as the Transfer Station, far more efficient in bad weather.

We would like to remind all residents that Transfer Station stickers are required for each vehicle entering the station. We have been lax in checking stickers but will be on the look-out from now on. Stickers are available from the Town Clerk and at the Selectmen’s Office.

We encourage residents to recycle — all paper, corrugated board, glass/plastic/metal cans; useable items to the put-n-take shed — as everything recycled and *not put in the compactor* is money saved for the Town.

WESTMORELAND ZONING BOARD OF ADJUSTMENT

The Zoning Board of Adjustment meets the fourth Wednesday of the month if a request for a Variance or Special Exception is submitted to the Board.

The following requests were submitted to the Zoning Board this year.

5 applications for Variances - 4 Approved – 1 Denied

4 applicants for Special Exception – 4 Approved

The meetings are open to the public and start at 7:30 PM.

Board members are: Peter Remy- Chairman, Brian Merry, John Burt, Brenda Shelley, Barry Shonbeck, and Alternate Russell Huntley.

Applications for either a Variance or Special Exception may be obtained by contacting the Westmoreland Zoning Administrator – Bob Moore at 399-4310.

Respectfully submitted,
Peter Remy, Chairman

ANNUAL REPORT - 2008

Wantastiquet Region River Subcommittee of the Connecticut River Joint Commissions

This year the Wantastiquet Subcommittee completed a new and expanded *Connecticut River Water Resources Management Plan*. We will sponsor public presentations on the new plan during the winter and spring. The Plan emphasizes the many environmental and economic benefits of keeping floodplains free of development and encouraging natural vegetation along riverbanks to keep them stable, block debris, shade the water, and filter pollutants from runoff. We encourage towns to consider our *Plan* and to incorporate its recommendations when updating town master plans and revising zoning ordinances.

Owners of land near water should know about the newly updated state shoreland protection law. Natural ground cover must remain within 50' of the water of lakes, ponds, and rivers, and use of fertilizers, pesticides, and herbicides is restricted.

The Subcommittee provides information and assistance to the states, towns, and landowners on projects near the river, and is advisory with no regulatory authority. We urge all anglers and boaters to clean their gear carefully to avoid spreading invasive plants such as Didymo, the recently discovered invasive alga in the Connecticut River.

We will miss the many contributions and dedication of Jim Blake, who was an active member of the Subcommittee. Citizens who would like to help represent the town should contact the Select Board. A calendar of meetings, more about Didymo, advice on bank erosion and obtaining permits for work near the river, the *Connecticut River Management Plan* and much more are on the web at www.crjc.org.

*Dick Schmidt, Westmoreland representative
to the Wantastiquet Region River Subcommittee*

CONNECTICUT RIVER JOINT COMMISSIONS

This year the Connecticut River Joint Commissions (CRJC) published major new Management Plans for Water Resources and for Recreation on the Connecticut River. In 2008 CRJC considered issues as wide-ranging as riverbank erosion in Colebrook and New Hampshire's updated Shoreland Protection Act. We completed a new Five Year Plan that focuses upon public outreach, use of river science, and protection of the valley's natural, historic, and cultural assets.

Through the Connecticut River Byway, CRJC works with communities, businesses and the states to strengthen the local base for heritage tourism. In 2008, we concluded a three-year project to identify the Byway with way-finding signs. Visit the Byway at www.ctrivertravel.net.

Appointed by the legislatures of New Hampshire and Vermont, the Connecticut River Joint Commissions welcome the public to our meetings on the last Monday of every other month. Visit our web site, www.crjc.org, for a calendar of events, useful information, and our newsletters, *River Valley News* and *River Byway News*.

**TOWN OF WESTMORELAND
INDEPENDENT ACCOUNTANT'S REPORT
ON THE TAX COLLECTOR'S
REPORT (MS-61)**

Board of Selectmen
Town of Westmoreland
PO Box 55
Westmoreland, NH 03467

We have examined the accompanying Tax Collector's Report (MS-61 prepared in accordance with RSA 41:35) of the Town of Westmoreland, New Hampshire for the year ended December 31, 2007. This report is the responsibility of the Town's management. Our responsibility is to express an opinion on this report based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence supporting the Tax Collector's Report as listed in the first paragraph and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion.

In our opinion, the report referred to above presents fairly, in all material respects, the activity of the Tax Collector's Report (MS-61) of the Town of Westmoreland, New Hampshire for the year ended December 31, 2007, based on the reporting criteria for Form MS-61.

This report is intended solely for the information and use of the management and elected officials of the Town of Westmoreland and the New Hampshire Department of Revenue Administration, Municipal Services Division and is not intended to be and should not be used by anyone other than those specified parties.

Sincerely,

Mason + Rich, P.A.

**TOWN OF WESTMORELAND,
NEW HAMPSHIRE**

**TAX COLLECTOR EXAMINATION
MANAGEMENT LETTER**

**FOR THE YEAR JANUARY 1, 2007
TO DECEMBER 31, 2007**

TOWN OF WESTMORELAND
MANAGEMENT LETTER

FINDINGS AND RECOMMENDATIONS

TAX COLLECTOR COMPUTERIZATION AND SOFTWARE

Finding – The Tax Collector’s office does all of the accounting manually, which is very time consuming and inefficient, especially since the data is not only written down but then has to be checked and footed on a calculator. Only the property tax warrants and billings are done on a computer and those are through the assessing software. Because of the lack of computerization, an excessive amount of time needs to be spent each day in maintaining all of the records in a manual format as well as doing other items such as the annual lien procedures manually.

Recommendation – We would strongly recommend that the Town computerize the Tax Office by obtaining the tax software from the same company that currently provides the assessing software along with the necessary hardware for the Tax Office.

Management’s Comments – The Selectmen are including the cost of the tax software and hardware in the Town Budget.

OLDER LIENS AND TAX DEEDING

Finding – We noted that the Tax Collector’s MS-61 report has tax liens outstanding that are as old as 1999. Under RSA 80:38 the Tax Collector “after 2 years from the sale, shall execute a deed of the land so sold and not redeemed.”

Recommendation – We would recommend that the Tax Collector immediately provide the Board with current listing of all liens older than two years so that the Board can quickly determine the best options available to the Town and then provide the Tax Collector with that information.

Management’s Comments – We agree with your comments about the liens and our Town Attorney is working with us and the Tax Collector in resolving them.

APPROVAL OF DEPUTY

Finding – There seems to be some confusion as to whether the Deputy Tax Collector was ever officially approved by the Board as required under RSA 41:38 “the tax collector shall appoint a deputy, with the approval of the selectmen.”

Recommendation – We recommend that the Tax Collector approach the Board to get official approval of the individual who is the Deputy Tax Collector.

Management’s Comments – The Selectmen agree.

TOWN OF WESTMORELAND
MANAGEMENT LETTER

DELEGATION OF DEPOSIT DUTIES

Finding – The Tax Collector makes her own deposits. Under the provisions of RSA 41:296, the Town Treasurer has the responsibility of all Town transactions, including deposits. RSA 41:29, IV allows the Treasurer to delegate deposit functions to other Town officials provided this delegation is one in writing and *includes written procedures acceptable to the Board of Selectmen.*

Recommendation – We would recommend that the Town Treasurer present to the Board a written description of the delegation of Tax Collector deposits for the Board's approval.

Management's Comments – The Selectmen agree.

— THE FULL REPORT IS AVAILABLE AT THE SELECTMEN'S OFFICE —

COMPLIANCE STATEMENT

This school district receives federal financial assistance. In order to continue receiving such federal financial assistance, this school district will not discriminate in their educational programs, activities or employment practices on the basis of race, language, sex, age, or handicapping condition, under the provisions of Title IX of the 1972 Educational Amendments; Section 504 of the Rehabilitation Act of 1973.

Complaints regarding compliance with Title IX regulations should be submitted in writing to the Title IX liaison for School Administrative Unit 29, the Personnel Manager, 34 West Street, Keene, New Hampshire.

Complaints regarding compliance with Rehabilitation Act of 1973 - Section 504 should be submitted in writing to the Director of Special Education, 34 West Street, Keene, New Hampshire.

Wayne E. Woolridge
Co-Superintendent of Schools

STATE OF NEW HAMPSHIRE SCHOOL WARRANT

To the inhabitants of the school district in the Town of Westmoreland qualified to vote in District affairs:

You are hereby notified to meet at the Westmoreland School Gymnasium in said district on the 13th day of March, 2009, at 7:00 O'clock in the evening to act upon the following articles:

ARTICLE 1: To hear the reports of agents, auditors, committees, or officers chosen, and to pass any vote relating thereto.

ARTICLE 2: To see if the district will vote to raise and appropriate the budget committee's recommended amount of \$2,988,116 for the support of schools, for the payment of salaries for the school district officials and agents, and for the payment for the statutory obligations of the district. The school board recommends \$2,988,116.

ARTICLE 3: To see if the school district will vote to approve the cost items included in the collective bargaining agreement reached between the Westmoreland School Board and the Westmoreland Education Association which calls for the following increases in salaries and benefits:

| YEAR | Estimated Increase |
|----------------|--------------------|
| 2009-10 | \$ 29,784 |
| 2010-11 | \$ 29,888 |
| 2011-12 | \$ 32,820 |

and further to raise and appropriate the sum of \$29,784 for the 2009-2010 fiscal year, such sum representing the additional costs attributable to the increase in salaries and benefits over those of the appropriation at current staffing levels paid the prior fiscal year. *(The Westmoreland Budget Committee and the Westmoreland School Board support favorable action on this warrant article.)*

ARTICLE 4: To see if the District, if Article 3 is defeated, will authorize the Westmoreland School Board to call one special meeting, at its option to address Article 3 cost items only.

ARTICLE 5: To see if the District will vote to appropriate and authorize the school board to transfer up to Thirty Thousand Dollars (\$30,000) of its unencumbered funds, if any remain on hand at the end of the fiscal year, June 30, 2009 to be deposited in the Capital Reserve Fund established by the voters of the District on March 16, 2001, for the purpose of major renovation/reconstruction of school buildings and related costs, or to take any other action in relation thereto. *(The Westmoreland Budget Committee and the Westmoreland School Board support favorable action on this warrant article.)*

ARTICLE 6: To transact any other business that may legally come before the meeting.

Given under our hands at said Westmoreland, this ____ day of February, 2009.

DETAIL STATEMENT OF RECEIPTS

[illegible]

TOTAL RECEIPTS DURING THE YEAR

Friday, March 14, 2008
School District Meeting

Results from election of March 11, 2008:

School District Moderator for ensuing year:
Peter Heed

Two School Board Members for the ensuing three years:
Stuart Adams
Justine Fletcher

School District Auditor for ensuing year:
Lori Ingram

School District Treasurer for ensuing year:
Diane Hall

School District Clerk for ensuing year:
Debra J. Nelson

The annual Westmoreland School District Meeting was called to order by Moderator Peter Heed on Friday, March 14, 2008 at 7:02 pm at the Westmoreland School. Mr. Heed led the Pledge of Allegiance and "God Bless America".

Mr. Heed reviewed the rules and procedures for acting upon one amendment before moving on to the next amendment.

Mr. Heed introduced the members of the Westmoreland School Board and SAU 29 Officials Wayne Woolridge Assistant Superintendent for Towns, and Timothy Ruehr Business Administrator for Towns.

Mr. Heed read:

Article I: To hear the reports of agents, auditors, committees, or officers chosen, and to pass any vote relating thereto.

Mrs. Justine Fletcher moved the article as read. Mrs. Madeline Ullrich seconded the motion. Mr. Heed asked for any discussion, with hearing none, Article I was read again, a voice vote was taken, Article I passed.

Mr. Heed read:

Article II: To see if the District will vote to raise and appropriate the budget committee's recommended amount of \$2,922,764 for the support of schools, for the payment of

salaries for the school district officials and agents, and for the payment for the statutory obligations of the district. The school board recommends \$2,922,764.

Mrs. Fletcher moved the article as written. Mrs. Ullrich seconded the motion. Mr. Heed asked for any discussion:

Mrs. Lori Ingram spoke on behalf of the Westmoreland School Sports Booster and Recreational Sports making a motion to amend Article II by \$1,100.00 to help purchase a new and dispose of the old athletic storage shed. The Boosters and Recreational Sports will pay the balance. The athletic shed that we have now was a generous donation many years ago from the Wilkes family. Due to natural age and the New England weather the shed is in great disrepair and a possible danger and needs to be replaced. Mr. Ted Ferguson has approached Mrs. Ingram and told her about a one year old shed that needs to be removed from where it is now and they are offering it for \$1,500.00. There will be other cost for ground preparation and the removal and disposal of the old shed. Mrs. Ingram asked for the district to please consider this and thanked Mr. Ferguson for all his efforts. The amendment was seconded by Mrs. Cindy Davis. Mrs. Beth Martin asked Mrs. Ingram for a list of the type of things stored in the shed. Mrs. Ingram listed baseball/softball bases, field painting equipment, a gas grill to list a few. Mr. Michael Mansfield asked for a list of the financial breakout. Mrs. Ingram listed the shed costing \$1,500.00, \$300.00 for ground preparation and \$250.00 for dismantle and disposal of the old shed. Sports Boosters would contribute \$500.00 and Recreational Sports would contribute \$500.00 and \$1,100.00 from the school district budget for a total of \$2,100.00. With no further discussion, Mr. Heed repeated the amendment to add \$1,100.00 to the budget for a total budget of \$2,923,864, a voice vote was taken the amendment passed. Mr. Heed repeated Article II with the amended amount of \$2,923,864, a voice vote was taken, Article II passed.

Mr. Heed read:

Article III: To see if the District will vote to appropriate and authorize the school board to transfer up to Fifteen Thousand Dollars (\$15,000) of its unreserved fund balance, if any, remaining on hand at the end of the fiscal year, June 30, 2008 to be deposited in the Capital Reserve Fund established by the voters of the District on March 16, 2001, for the purpose of major renovation/construction of school buildings and related costs, or to take any other action in relation thereto. *(The Westmoreland Budget Committee and School Board support favorable action on the warrant article).*

Mrs. Fletcher moved Article III as read. Mrs. Ullrich seconded. Mr. Heed asked for any discussion.

Mr. Acerno explained what this article is used for which is to help maintain building projects and repairs. Mr. William Campbell asked how much was in this fund? Mr. Acerno responded about \$18,000.00. Mr. Ruehr added for information that these funds can only be spent by the voting body for a stated purpose. With no further discussion, Mr. Heed repeated Article III, a voice vote was taken, Article III passed.

Mr. Heed read:

Article IV: To see if the District will vote to appropriate and authorize the school board to transfer up to Fifteen Thousand Seven Hundred Forty-Five Dollars (\$15,745) of its unreserved fund balance, if any, remaining on hand at the end of fiscal year, June 30, 2008, to the Special Education/High School Tuition Fund established by the voters of the District on March 16, 2001, for the purpose of paying future year unanticipated special education and/or high school tuitions or to take any other action in relation thereto. If there is an insufficient, undesignated fund balance as of June 30, 2008 to fund this appropriation and the appropriation in Article 3 (Capital Reserve Fund), Article 3 will be funded first, with any additional surplus to be applied to this warrant article. (*The Westmoreland Budget Committee and School Board support favorable action on this warrant article.*)

Mrs. Fletcher moved Article IV as read. Mr. Robert Mitchell seconded. Mr. Heed asked for any discussion.

Mr. Acerno explained that there is approximately \$106,000 in this fund now and the requested amount is equal to one high school tuition amount in anticipation for future large high school classes. Mrs. Gwen Mitchell inquired what the anticipated budget surplus for the current school year is. And also asked about the suggestion a few years ago of combining some of our classes at Westmoreland School that may be unusually small such as this year's Fourth Grade of only eight students. Mr. Acerno felt that combining ages/classes is a possibility, though would need to be studied to see to see if appropriate and feasible for those students involved. With no further discussion Mr. Heed repeated Article IV, a voice vote was taken, Article IV passed.

Mr. Heed read:

Article V: To transact any other business that may legally come before the meeting.

Hearing none the meeting was adjourned at 7:32 pm

Respectfully Submitted,

Debra J. Nelson
District Clerk

ADMINISTRATIVE REPORT

Westmoreland School continues to excel among schools in the region. One area where Westmoreland School stands out is in the area of academic performance especially in reading. This conclusion was once again substantiated by the most recent state assessments. On the New Hampshire state assessments Westmoreland School students scored first among the 21 area schools in the percentage of students at or above the proficient level in reading. Westmoreland students had the third highest scores in math and writing. The state test results reflect the knowledge and skills (known as Grade Level Expectations) that proficient students should have mastered by the end of the previous school year. Results for each school reflect the results for all students tested who were enrolled at the end of the prior school year. In May of 2008, a new State Science Assessment was given to each Westmoreland student in the fourth and eighth grades. Westmoreland students placed highest among area schools on this assessment.

An additional challenge comes from the Westmoreland parents and school board, who demand more than excellent reading, writing, math and science programs for our students. They want a curriculum that includes critical thinking, social skills, citizenship, health, physical education and the arts. I believe we already have quality programs in all those areas. Westmoreland School continues to focus on what matters most: the documented progress of each student, personally, socially, physically, and academically. Once basic needs are met, the most significant need of children is to belong. When they feel disconnected and disassociated, they make poor choices. Every 26 seconds, a child drops out of school. The more our students feel that the school community cares about them the more likely they are to grow academically as well as socially. Strong student-community relationships have been linked to many positive outcomes, including better behavior in classrooms and improvement in learning.

In Westmoreland School we have many great examples of programs we use to help create a sense of belonging. Your school counselor spent two weeks this summer revising the comprehensive guidance curriculum. One expected outcome is for students to experience a stronger sense of community. To better meet the need to belong, Keene High School has recently included aspects of the Renaissance program. Students benefit from the program because it strengthens the connection to the school community, raises the profile of academics and makes it cool to do well in school. Schools that incorporate Renaissance cite higher GPA's, increased attendance, improved morale, and stronger graduation rates. For example, inspired by the Renaissance program, an advisory program was successfully implemented last year for all ninth grade students. Last year, as the new students came into the school for their orientation, the faculty lined up along a red carpet, applauding the students as they walked to the auditorium. Each student had a star on the wall with his or her name on it which was visible as they came down the hallway.

As part of this program KHS formed a positive working relationship with Olive Garden to further promote academics and scholar athlete achievements. Olive Garden now awards dinner for the entire Keene High School team that has the highest combined GPA for each sports season.

Westmoreland students at Keene High School continue to perform well in the academic subjects. The Westmoreland students carried a total grade point average at Keene High School of 2.96 compared to the total population at Keene High School of 2.75.

In English, 74 percent of the Westmoreland students earned a grade of "B" or better. In mathematics, 49 percent earned a grade of "B" or better. In science, 68 percent of the students earned a grade of "B" or better. In social studies, 73 percent of the students earned a grade of "B" or better. In world language, 62 percent of the students earned a grade of "B" or better. This past year 85 Westmoreland students enrolled at Keene High School had an attendance rate of 96% compared to 95% of overall student population.

Westmoreland students participated in the following KHS extra-curricula activities: Alpine Skiing, Band, Baseball, Boys Basketball, Boys Lacrosse, Boys Soccer, Boys JV Boys Track, Cheshire Career Center Student Home Builders, Chorus, Class Council, Deca, Drama Club, Envirothon Team, Field Hockey, Football, Girls Basketball, Girls Lacrosse, Girls Soccer, Girls Tennis, Girls Track, Girls Volleyball, Interact Student Rotarians, Key Club, Latin Club, National Art Honor Society, National Honor Society, Nordic Skiing, Sierra, Softball, Spanish Club, Spirit, Students for a Free Tibet, Students for Peace, Swimming-Diving, Ushers Club, World Language Honor Society, Yoga, Youth Monadnock Cares, and Youth & Government.

Westmoreland seniors from the class of 2008 reported their post-secondary plans as follows: Niagara University, Keene State College, Worcester Poly Tech-WPI, Greenfield Community College, NHCTC-Keene/River Valley Community College, UNH, Keene Beauty Academy, Franklin Pierce University, Sacred Heart University, CT, University of Maine-Orono, University of Rhode Island, Boston College, Art School, University of New England, NHTI-Laconia, Colby Sawyer, MITI-Motoring Technical Training Institute.

The constructive working relationship between the school board and staff continues to promote continuous school improvement. This is facilitated by good communication between the staff and board and by board members' recognition of, and interaction with, the staff. One example of this is the school board/staff goal-setting retreat. This activity not only produces a focus around which planning and allocation of resources occurs, but also fosters a dynamic of cooperation and trust.

The Westmoreland community should be very proud of its school. Both the education program and the facility are in fine shape. This reality should not be taken for granted. Continuation of this situation is highly contingent upon the hard work of the staff and the board, and open lines of communication between the home and school. Please make the time to visit the school, to attend a school-related activity, or attend a school board meeting. Please be sure to attend the Annual District Meeting on Friday, March 13, at 7:00 p.m.

Wayne E. Woolridge
Co-Superintendent of Schools

PRINCIPAL’S REPORT

Enrollment

This fall we enthusiastically welcomed 13 new kindergarteners. As of January 30, 2009, our enrollment is 146 students and our class sizes are:

| | | |
|--------|--------|--------|
| K – 13 | 3 – 22 | 6 – 23 |
| 1 – 22 | 4 – 18 | 7 – 13 |
| 2 – 14 | 5 – 8 | 8 – 13 |

School Improvement Goals

This past August, school board members, the Westmoreland School faculty, and Co-Superintendent came together for the annual Westmoreland School Board Retreat. The goal of this retreat was to identify areas that we would like to improve during the 2008-09 school year.

This school year’s goals include:

- 1. To explore and begin to create a shared vision for Westmoreland School.*
- 2. To Go Green! Engage the school community in environmentally-responsive activities.*
- 3. To develop in all constituencies a sense of Westmoreland Pride through behavioral, building, and community pride.*

Under the leadership of administration, teachers have selected to participate in individual school goal committees. They created action plans to address these goals and help carry out implementation throughout the school year.

We have shared these goals with parents and students through a variety of communication tools. We continue to use our school website as a vehicle for information for students, parents, volunteers, and community members. Please visit us at www.sau29.org/westmoreland. Additionally, we share our goals and important information through monthly school newsletters, classroom morning meetings, open house, classroom newsletters, bimonthly parent breakfasts, and monthly all-school assemblies.

Academics

We would like to congratulate Sarah Fields as the valedictorian and Zackary Cleveland as the salutatorian for our eighth grade class of 2008. Eleven graduates participated in commencement and have transitioned successfully to Keene High School. We are proud of the comprehensive educational experience our students receive here. To prepare for the rigors of secondary education, all students have access to courses in Health, Physical Education, Art, Guidance, and Library Technology. Students in grades 4-8 take World Language, with a short weekly enrichment in kindergarten and grade 3. Our core content academics are assessed through a variety of means, including the No Child Left Behind mandated New England Common Assessment Program (NECAP) tests, Northwest Evaluation Association’s (NWEA) Measures of Academic Progress (MAP) tests, and classroom assessments. Rather than placing test preparation as a priority, teachers at Westmoreland School focus on the New Hampshire Framework of Standards and newly-revised SAU #29 Science Curriculum. By using frameworks to map out instruction, students have access to some of the best educational opportunities in the region. On our most recent October 2008 NECAP assessments, 90% of Westmoreland School assessed third-eighth grade students read at our above

proficiency; 72% of our students reach or exceed mathematics proficiency; 71% of fifth and eighth graders assessed reached proficiency in writing.

Our school is bustling with engaging classes, inquiry-based science labs, project-based learning, and integrated technology. The dedication of staff to implement best practice learning opportunities is evident in the success of our students. This year our elementary teachers have done an exceptional job with the challenge of teaching a new grade. Over the summer and throughout the school year, our staff has been dedicated to reviewing curriculum, instructional best practices, and thoughtful ways to tailor instruction to differentiate learning. We have continued with our Reading Rotation program, ensuring that a minimum of 120 minutes of daily literacy instruction occurs in grades K-2. Our learning community professional development approach has been revived, with groups working on best practice reading methods, middle school writing, and technology. Groups work together to review current research, create common languages or approaches and implement pedagogical techniques in the classroom.

Arts and Enrichment

We continue to benefit from a robust fine and performing arts program. Our art classes take a developmental approach and are rooted in art appreciation, history, and theory. Mr. Barrett continues to provide a differentiated music program and has added a jazz ensemble, entitled "RAZMACS" that has performed at several school and community functions. Mrs. Newton and the chimes choir performed with the Keene Pops during this past holiday season in addition to school and regional venues. Students truly benefit from experiencing arts in a variety of formats.

New Hampshire Dance Institute Program continues as a Westmoreland School tradition – supported by teachers and families. This year's theme is *Coming Home* and will be performed over Memorial Day weekend at Keene State College. Danielle Fitzpatrick returns to us for a second year as the instructor, working with school coordinator Katy Fisk. Field Trips have included: Westmoreland-based community trips, Cheshire Career Center, Stonewall Farm, Keene State College's Thorne-Sagenthorpe Art Gallery, and performances at the Colonial Theater.

Our middle school community service program, under the direction of Paul Deschenes, clocked an impressive 474 combined hours of service. Westmoreland Middle School students served several community organizations, raised \$197 to be given to various charities, and donated their time to a variety of regional non-profits. In addition, students collected 25 cell phones to be sent to American service personnel serving overseas, and collected 250 pairs of shoes, to be sent to the children of Iraq.

Athletics and Wellness

Alan Palmer is our new athletic director. Our girls' soccer team, lead by Katy Fisk, had a successful season. The boys' soccer team progressed nicely under the direction of Henry Bailly. Our dedicated Sports Boosters hosted the annual Connecticut Valley League Soccer Tournament on October 4-5, 2008. Amy Royce graciously took on the role of girls' basketball coach, while Alan Palmer enthusiastically directed our boys' team. We are all looking forward to an early spring and the opportunity for our softball and baseball teams to get underway. The town recreational league, organized by Michael Acerno, pulled in over 60 of our students playing soccer this fall; meaning that we continue to engage over two-thirds of our student population in either school or recreational athletic programs.

New Faculty

This school year we welcomed a number of new staff members. Rachel Fowler joins us as our first grade teacher. She comes from working in the special education program at Symonds School in Keene. Henry Bailly, our new fourth grade teacher, has a love for Science and comes to us from working at Chesterfield School. A new dynamic duo has joined our middle school team: both are experienced teachers. Katy Fisk, middle school math joins us from Keene Middle School, and Cheryl Patty, middle school science joins us from Monadnock Regional Junior High School. Alan Palmer is our new teacher of 4-8 grade health classes and K-8 physical education classes; he also energetically took on the task of athletic director. He most recently taught in the Contoocook Valley School District. We also welcome Jamie Card as our part-time Spanish Teacher and Mona Livernois as our part-time school nurse. Meredith Cargill has returned as school principal, one baby richer, after a one-year leave.

Facilities

We have gone through a series of building improvement efforts this school year. A number of issues are focused on bringing the school up to code, per our last inspection with the state fire marshal. A door project was completed over Christmas vacation which replaced six internal doors and two external fire exit doors. Part of this project involved wiring magnetic closers to the fire alarm panel to ensure that a one-hour firewall is maintain in such an event. A bigger project has been slated for the future. Our current ceiling insulation must be brought up to current code and our facilities committee is working with the school board to recommend a course of action. The space that used to house our kitchen, and last year served as a conference room, has been reassigned as a computer lab. It receives much use as classroom teachers schedule the lab to integrate class-wide technology into their lessons.

Volunteers

Westmoreland School always benefits from a talented and dedicated cadre of volunteers. This year the Westmoreland School Board put into effect a policy that requires that all volunteers successfully complete a criminal background check. Forms are available in the school office and turnaround time from the state varies depending on their volume. We were sure to communicate this important school safety change in our “welcome back” parent letter, on our website, and additional correspondence. We are truly appreciative to those who have completed the process and who give their time and skill to help broaden our successful school community.

Happy Birthday, Westmoreland School!

This spring we will begin planning the Golden Anniversary of Westmoreland School. The year 2010 marks the fiftieth birthday of our school building! Under the leadership of the Westmoreland School Parent-Teacher Association (PTA) and collaboration of school staff, we hope to provide current students, staff, and alumni a chance to celebrate.

Health Services

Westmoreland School is proud of the wellness and health education program. We are committed to educating the "whole child" and achieve this through a variety of approaches. Weekly, all students in K-8 participate in health class. In addition, guidance, health services, food services, administration, and physical education come together to provide a collaborative approach.

In the classroom the year started out with review of hand washing for the first-third grades and introduction of germs and hand washing for the kindergarten. They now have joined the "clean club." In the month of November the subjects of tobacco use and alcohol/substance use were introduced. Emily Nichols from Cheshire Medical Center came and did a presentation as part of the "Kick Butts" program. Basic anatomy of the heart and brain were presented in December. In January, nutrition was the focus; students learned about the new "my pyramid" recommended by the USDA. As is tradition, an introductory puberty class was taught to the fifth grade class in January. In February the focus will be on physical activity and in March dental health and hygiene.

From the nurse's office, all students have been weighed and their height measured. During the months of November and December hearing and vision screenings were done in grades 1, 3, 5, and 7. Since September there have been approximately 280 visits to health services. Approximately 160 over the counter medicines and prescription medications have been dispensed as well as many cough drops. Kindergarten immunizations have been reviewed and all students in that grade are in compliance with state requirements.

Cheshire Smiles came in October to set up the fluoride program, which started in December. Sixty students in grade 1-4 are participating in the fluoride program weekly. Cheshire Smiles will be returning in March for dental screenings and education for those students registered.

Respectfully Submitted,
Mona Livernois, RN.

Food Service Report

This year has once again been a wonderful experience. The P.T.A. was very generous in buying us a new full size salad bar which is used everyday. The students and staff at Westmoreland School really enjoy all the healthy choices and even try new items on a regular basis. Nutrition and tradition are a combination that has proven successful – as we have record-breaking participation! Between our daily breakfast, snack and lunch program we have an average of 95% participation.

Our program continues to align with federal and state requirements. In addition to offering an attractive and healthy meal each day, we have tried to incorporate special events in our menu. We have hosted a special Thanksgiving and Christmas dinner, winter beach parties, spring cookouts, as well as themed lunches throughout the year. To keep with the “health and wellness” vibe, we provide fresh fruit for children every day. There is also a “birthday basket” with jump ropes and kid-friendly games that promote exercise.

Chad Adams is a real helper with all tasks and the students really enjoy his help.

Once again, thank you for all your wonderful support. If you have any questions, comments or concerns please feel free to contact me at 399-4421.
